Testimonial

Steffan Silcox

'It is with some pleasure that I provide this testimonial for the Ace Tutoring Group. I do so as Principal of the largest secondary school in Western Australia and a client of Ace Tutoring. Each year our requirements vary as they depend on the learning needs of the student cohort in year 12. I have found the company to be very responsive to our requests and most efficient in handling them. There is a strong organisational commitment to schools with calls and requests responded to in a highly professional, timely and organised way. They are an excellent company to deal with as they are what I would term, school friendly.'

- ✓ Help to create a healthy study environment for your child without distractions
